

How to access online assemblies

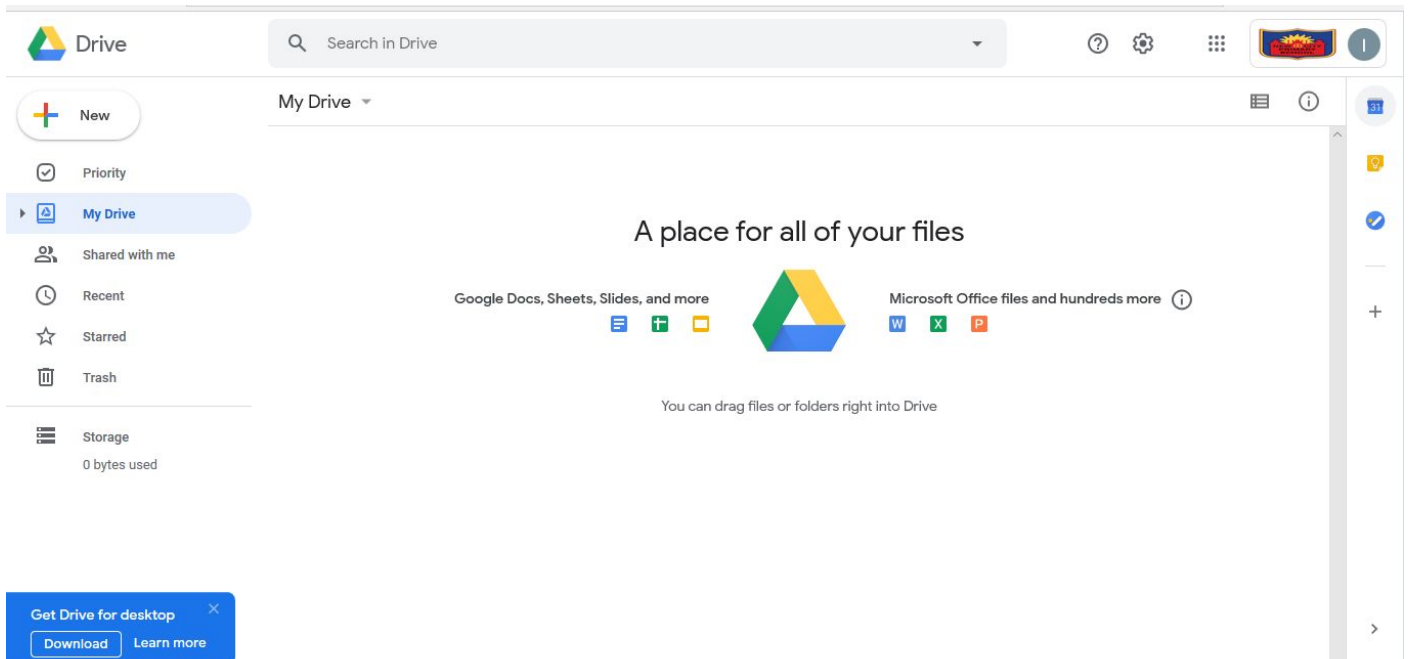

Go to <https://gsuite.google.com/dashboard>

Use your login information that was sent out (e.g. jbloggs1.316@newcity.boleyntrust.org)

The image shows the Google sign-in page. At the top is the Google logo, followed by the text "Sign in to continue to Google Drive". Below this is a text input field labeled "Email or phone" with a cursor inside. Underneath the field are links for "Forgot email?", "Not your computer? Use InPrivate windows to sign in.", and "Learn more". At the bottom left is a link for "Create account" and at the bottom right is a blue "Next" button.

You should see this screen...

Now, copy the link for the assembly (this will change for each assembly, so please make sure you enter the correct one)

Google Search

I'm Feeling Lucky
