### Head Teacher Update

Dear parents and carers

Thank you for your ongoing support with the start and end of schools, social distancing and wearing a mask. We must continue to be vigilant during this time as the virus is still with us! Please do NOT park on the Zig Zag yellow lines outside the school!

You can get help support your child at home with their reading by using these free resources; some of them enable you to listen to audio stories using free e-books, while many offer activities to help learn English. Great for children learning English as an additional language:

Remember if you want to send your child to after school club for after half term then you must register your interest at <https://www.kidsclub.org.uk/new-city/> - The KidsClub are also offering a half term club so do contact them by May 28th to book a place!

We will be taking class photos on Thursday May 27th. These will be available to buy from the photographer.

We are really interested in knowing whether you would like us to run a Summer School and After School Provision from September. We would be really grateful if you could complete the Google Form at <https://forms.gle/33n5Fw9cwQkPfGv38>

Thank you for your ongoing support

At New City in the last week of May we are challenging the children to do something **step - tacular** for **Guide Dogs for the Blind**. Their small steps will help Guide Dogs make giant leaps. Just one week of stepping can make a difference to the life of children and adults living with sight loss.

We are also asking the children to make their very own sock puppet and bring in to school by Wednesday 26<sup>th</sup> May. The most creative and funky puppets will be chosen and winners will be announced in Friday's assembly on the 28<sup>th</sup> May.!

We will be stepping during our PE lessons to raise awareness for Guide Dogs for the Blind and on **Friday 28<sup>th</sup> May** we would like children to wear odd socks for the day! We will be collecting 50p for Guide Dogs for the Blind.

### Science at New City

During Science lessons at New City children have been learning all about Physics. In Reception children have explored with colours by creating rainbows using Skittles. In Year 3 children have learnt about Magnets, this week they explored attraction and polar opposites by observing different magnets repel and attract. Whilst up in Year 5 children have been learning about forces. This week they built their own boats to understand how we can reduce water resistance by making our boats streamlined. Children across the school have a fantastic understanding of how these phenomena affect our own lives.

### DT Competition

In partnership with Barratt London, New City are taking part in a London wide design competition where pupils are redesigning London landmarks. We are asking New City students to redesign the London Eye. With sightseeing soon to be a thing again this summer, now is the perfect chance to dream up a bit of a makeover. The winning entry will be turned into a 3D render to see what it would look like in real life. Good luck, New City!

### Ms Fuzzi's Book Review

#### Billionaire Boy

Joe has a lot of reasons to be happy. About a billion of them, in fact. You see, Joe's rich. Really, really rich. Joe's got his own bowling alley, his own cinema, even his own butler who is also an orangutan. He's the wealthiest twelve-year-old in the land. But Joe isn't happy. Why not? Because he's got a billion pounds... and not a single friend. But then someone comes along, someone who likes Joe for Joe, not for his money. The problem is, Joe's about to learn that when money is involved, nothing is what it seems. A hilarious, touching and extraordinary new fable from David Walliams, number one bestseller and one of the most loved children's author across the globe.

### Year 5 sit Mandarin Examinations

On Tuesday, the year 5 children participated in the Youth Chinese Test (YCT), an internationally recognised examination provided by the Confucius Institute. The children demonstrated their knowledge of Mandarin that they have accumulated over their time at New City by demonstrating their reading, listening and writing skills. We are so proud of the year 5s for their accomplishments in their language studies and their hard work in preparing for the test. We are excited for them to continue to progress next year. Well done!
